The rich history of the **Farmers' Museum**...
...is full of American tradition.

Weddings, special events, cocktail parties, rehearsal dinners, receptions, Family reunions, community group functions and conferences

At The Farmers' Museum, the **Louis C. Jones Center & Courtyard** provides a rustic, yet refined setting for wedding receptions. The room holds up to 175 guests for dinner and 200 for a concert or lecture. Add a tent in the courtyard for increased seating, or for an outdoor cocktail party.

The fully restored 19th-century **Bump Tavern** in the historic village area of the museum offers an intimate location for small gatherings. It provides a memorable site for small corporate functions, rehearsal dinners, or the celebration of birthdays and anniversaries.

Next to the tavern is the **Crossroads Café**, a renovated carriage house from 1825 that is ideal for small dinner receptions.

The non-denominational **Cornwallville Church**, completed in 1820, with its historic pews and light filled interior, provides the perfect setting for an old fashioned wedding ceremony.

Enjoy a truly unique cocktail party or small reception at **The Empire State Carousel**. This hand-crafted carousel is homage to New York State history and traditional carousel craft, with 24 whimsical riding animals.
